

# Who is Henry Harper, the Green Emperor of the East and the West?

I am French of Cameroonian origin at 50%. I was born and spent my childhood in Cameroon.

I have developed, for 12 years now, a **program of positive social engineering** intended for the **reform of France and the world as a whole** and this by **innovative processes**.

I presented it in 2022 as part of **the French presidential election**; however, the Constitutional Council rejected my candidacy. I have, by the same token, presented it to very many countries by sending mass emails (several tens of millions of targeted mailings since the end of 2021).

Many media, political/institutional actors and academics/students, around the world, know me well but the media (especially the French) keep me hidden.
